

MOBILE EQUIPMENT

Top-of-the-line components and service for
haul trucks and wheel loaders

FIELD SERVICES

DESIGN &
ENGINEERING

MANUFACTURING
& REPAIR

Keeping massive mobile earth movers and machines running at full capacity

L&H provides premium components and complete hands-on field service for heavy mobile equipment, including mechanical, electrical, and hydraulic system troubleshooting. We know time is money for your fleet, so we even provide in-house trucking to expedite component exchanges and repairs.

MOBILE EQUIPMENT

L&H innovations

To improve the world's largest moving machines, in collaboration with our clients and master field technicians, L&H engineers analyze in depth OEM component limitations and machine pitfalls under specific field conditions. We then design, engineer and custom manufacture Honestly Better components and assemblies that directly address opportunities to improve the safety, ease of maintenance, and lifetime performance of your machines.

Valuable at the fleet level, we service every configuration, model and make of heavy mobile equipment: LeTourneau, Caterpillar, Komatsu, Liebherr, O&K, Terex, Hitachi...

- For LeTourneau wheel loaders, we perform a full range of elite machine services on all systems, including hybrid drives, gearboxes, hydraulics, front and rear frame, and buckets.
- For haul trucks, L&H services range from in-field repair of truck bed cracks to total rebuilds of ultra-class models.

Select components & assemblies

HAUL TRUCKS

- Cylinders
- Truck boxes
- Suspensions
- Wheels & spindles
- Box tie-backs

MOTOR GRADERS

- Front axles
- CDMA's
- Cylinders

LOADERS

- Cylinders
- Pumps & valves
- Gearboxes
- Loader arms
- Bell cranks
- Pins & bushing assemblies
- Ball/cap/socket assemblies
- Level links

- Miscellaneous components

GLOBAL PARTS INVENTORY

To make sure your heavy mobile equipment never sits idle waiting for parts, we keep new, rebuilt, and exchange components on hand in our global distribution warehouses.

Brands Served

- CAT/Bucyrus ®
- Hitachi ®
- Komatsu ®
- Liebherr ®
- LeTourneau ®
- O&K ®
- Terex ®
- Vintage machines

L&H In-House Capabilities

- Newly manufactured cylinders
- Rebuilt cylinders
- Machine customizations
- Planned upgrades

L&H Field Services

- Rush breakdown repairs
- Inspections and maintenance
- Teardowns and relocations
- Failure analysis and troubleshooting for electrical, hydraulic and mechanical systems

Higher performance and safety standards

100% of L&H premium components meet, or more often exceed, OEM performance, quality, and safety standards.
